In the early days of ATVs, if you had a 200cc four-stroke model, you were running with the big dogs. The 200s were as big as production ATVs came, and if it were possible to transport the Bombardier Rally back in time to that ancient era, the crew from the local ride spot would be blown away by the liquid-cooled, four-valve engine; automatic transmission; and four-wheel suspension. Of course ...
