Jeff VanderMeer reveals the one thing he'd change about 'Annihilation' Annihilation The Southern Reach Trilogy* Annihilation is a 2014 novel by Jeff VanderMeer. It is the first in a series of three books called the Southern Reach Trilogy. The book describes a team of four women (a biologist, an anthropologist, a psychologist, and a surveyor) who set out into an area known as Area X. The area is abandoned and cut off from the rest of civilization.

Annihilation (VanderMeer novel) - Wikipedia

Together for the first time in one volume, the three celebrated novels of Jeff VanderMeer's Southern Reach Trilogy – Annihilation, Authority, and Acceptance – tell an exhilarating, disturbing, and all but unbearably suspenseful story of humanity engaged in what might be an existential confrontation with nature. It is destined to become a classic of its kind.

Southern Reach Series by Jeff VanderMeer

With Annihilation--the first volume of The Southern Reach Trilogy--he carefully creates a yearning for answers, then boldly denies them, reminding us that being too eager to know too much can be dangerous. The story follows an expedition of four women who are known only by their professions: the Psychologist, the Surveyor, the Anthropologist, and the Biologist--nameless pawns tasked with exploring, discovering, and (hopefully) delivering data about a portentous coastal territory called Area X.

The Weird Thoreau | The New Yorker

The Southern Reach Trilogy is a book series written by Jeff VanderMeer. The Southern Reach is a secret government agency responsible for investigating and hiding the existence of Area X, a remote region of swamps and coastline which was one day surrounded by an invisible and nearly impenetrable barrier.

The Southern Reach Trilogy (Literature) - TV Tropes

Annihilation is profound literary sci-fi that doesn't fit any formula. So a lot of people looking for the same old story might not find it here, but that doesn't mean this isn't an amazing series. It will blur your sense of reality and make you question the alien nature of language itself." — Michael D., Audible Editor

The Southern Reach Trilogy begins with this Nebula Award-winning novel that "reads as if Verne or Wellsian adventurers exploring a mysterious island had warped through into a Kafkaesque nightmare world" (Kim Stanley Robinson). Area X has been cut off from the rest of the continent for decades. Nature has reclaimed the last vestiges of human civilization. The first expedition returned with reports of a pristine, Edenic landscape; the second expedition ended in mass suicide; the third expedition in a hail of gunfire as its members turned on one another. The members of the eleventh expedition returned as shadows of their former selves, and within weeks, all had died of cancer. In Annihilation, the first volume of Jeff VanderMeer's Southern Reach trilogy, we join the twelfth expedition. The group is made up of four women: an anthropologist; a surveyor; a psychologist, the de facto leader; and our narrator, a biologist. Their mission is to map the terrain, record all observations of their surroundings and of one another, and, above all, avoid being contaminated by Area X itself. They arrive expecting the unexpected, and Area X delivers—they discover a massive topographic anomaly and life forms that surpass understanding—but it's the surprises that came across the border with them and the secrets the expedition members are keeping from one another that change everything.

Area X has been cut off from the rest of the continent for decades. Nature has reclaimed the last vestiges of human civilization, and the government is involved in sending secret missions to explore Area X. The first expedition returned with reports of a pristine, Edenic landscape; all the members of the second expedition committed suicide; the third expedition died in a hail of gunfire as its members turned on one another; the members of the eleventh expedition returned as shadows of their former selves, and within months of their return, all had died of aggressive cancer. Annihilation opens with the twelfth expedition. The group is composed of four women, including our narrator, a biologist. Their mission is to map the terrain and collect specimens; to record all of their observations, scientific and otherwise; and, above all, to avoid succumbing to the unpredictable effects of Area X itself. What they discover shocks them: first, a massive topographic anomaly that does not appear on any map; and second, life forms beyond anything they're equipped to understand. But it's the surprises that came across the border with them that change everything—the secrets of the expedition members themselves, including our narrator. What do they really know about Area X—and each other?

Eleven secret government expeditions and few have returned unscathed—the first book in VanderMeer's exciting new Southern Reach Trilogy and soon to be a major motion picture Area X has been cut off from the rest of the continent for decades. Nature has reclaimed the last vestiges of human civilization, and the government is involved in sending secret missions to explore Area X. The first expedition returned with reports of a pristine, Edenic landscape; all the members of the second expedition committed suicide; the third expedition died in a hail of gunfire as its members turned on one another; the members of the eleventh expedition returned as shadows of their former selves, and within months of their return, all had died of aggressive cancer. Annihilation opens with the twelfth expedition. The group is composed of four women, including our narrator, a biologist. Their mission is to map the terrain and collect specimens; to record all of their observations, scientific and otherwise; and, above all, to avoid succumbing to the unpredictable effects of Area X itself. What they discover shocks them: first, a massive topographic anomaly that does not appear on any map; and second, life forms beyond anything they're equipped to understand. But it's the surprises that came across the border with them that change everything—the secrets of the expedition members themselves, including our narrator. What do they really know about Area X—and each other?

It is winter in Area X, the mysterious wilderness that has defied explanation for thirty years, rebuffing expedition after expedition, refusing to reveal its secrets. As Area X expands, the agency tasked with investigating and overseeing it—the Southern Reach—has collapsed on itself in confusion. Now one last, desperate team crosses the border, determined to reach a remote island that may hold the answers they've been seeking. If they fail, the outer world is in peril. Meanwhile, Acceptance tunnels ever deeper into the circumstances surrounding the creation of Area X—what initiated this unnatural upheaval? Among the many who have tried, who has gotten close to understanding Area X—and who may have been corrupted by it? In this last installment of Jeff

VanderMeer's Southern Reach trilogy, the mysteries of Area X may be solved, but their consequences and implications are no less profound--or terrifying.

The much anticipated second instalment in VanderMeer's Southern Reach trilogy In Annihilation, Jeff VanderMeer introduced the mysteries of Area X—a remote and lush terrain mysteriously sequestered from civilization. It was the first volume of a projected trilogy; well in advance of publication, translation rights had sold all around the world, and a major movie deal had been struck. Just months later, the second volume is here. For thirty years, the only human engagement with Area X has taken the form of a series of expeditions monitored by a secret agency called the Southern Reach. After the disastrous twelfth expedition chronicled in Annihilation, the Southern Reach is in disarray, and John Rodriguez (a.k.a. "Control") is the team's newly appointed head. From a series of interrogations, a cache of hidden notes and hours of profoundly troubling video footage, the secrets of Area X begin to reveal themselves—and what they expose pushes Control to confront disturbing truths about both himself and the agency he's promised to serve. And the consequences will reach much farther than that. The Southern Reach trilogy will conclude in fall 2014 with Acceptance.

Annihilation is the first volume in Jeff VanderMeer's Southern Reach trilogy, Authority is the second, and Acceptance is the third. Area X—a remote and lush terrain—has been cut off from the rest of the continent for decades. Nature has reclaimed the last vestiges of human civilization. The first expedition returned with reports of a pristine, Edenic landscape; all the members of the second expedition committed suicide; the third expedition died in a hail of gunfire as its members turned on one another; the members of the eleventh expedition returned as shadows of their former selves, and within months of their return, all had died of aggressive cancer. This is the twelfth expedition. Their group is made up of four women: an anthropologist; a surveyor; a psychologist, the de facto leader; and our narrator, a biologist. Their mission is to map the terrain and collect specimens; to record all their observations, scientific and otherwise, of their surroundings and of one another; and, above all, to avoid being contaminated by Area X itself. They arrive expecting the unexpected, and Area X delivers—they discover a massive topographic anomaly and life forms that surpass understanding—but it's the surprises that came across the border with them, and the secrets the expedition members are keeping from one another, that change everything. After the disastrous twelfth expedition chronicled in Annihilation, the Southern Reach—the secret agency that monitors these expeditions—is in disarray. In Authority, John Rodriguez, aka "Control," is the team's newly appointed head. From a series of interrogations, a cache of hidden notes and hours of profoundly troubling video footage, the secrets of Area X begin to reveal themselves—and what they expose pushes Control to confront disturbing truths about both himself and the agency he's promised to serve. And the consequences will spread much further than that. It is winter in Area X in Acceptance. A new team embarks across the border on a mission to find a member of a previous expedition who may have been left behind. As they press deeper into the unknown—navigating new terrain and new challenges—the threat to the outside world becomes more daunting. The mysteries of Area X may have been solved, but their consequences and implications are no less profound—or terrifying.

The New York Times best-seller, now in paperback! This paperback edition of the New York Times best-selling title expands the civil upheaval among the drow, one of the most popular races in the Forgotten Realms setting. Best-selling author R.A. Salvatore wrote the prologue to Annihilation and continues to consult on the series, lending his expertise as the author who brought drow society to the forefront of the Forgotten Realms setting. From the Paperback edition.

Describes the 12th expedition to "Area X," a region cut off from the continent for decades, by a group of intrepid women scientists who try to ignore the high mortality rates of those on the previous 11 missions. Original. 75,000 first printing.

Escaping the busy confusion of his homeland and moving to an almost-uninhabited lakeshore where he plans on living simply and raising a family, a man descends into rage, obsession and an abstract sense of reality when his wife suffers multiple miscarriages. A first novel by the author of How They Were Found.

A woman commits suicide for no apparent reason. A week later, her son—beautiful, troubled fifteen-year-old Mark Underhill—vanishes from the face of the earth. To his uncle, horror novelist Timothy Underhill, Mark's inexplicable absence feels like a second death. After his sister-in-law's funeral, Tim searches his hometown of Millhaven for clues that might help him unravel this mystery of death and disappearance. He soon learns that a pedophilic murderer is on the loose in the vicinity, and that shortly before his mother's suicide Mark had become obsessed with an abandoned house where he imagined the killer might have taken refuge. No mere empty building, the house on Michigan Street whispers from attic to basement with the echoes of a long-hidden true-life horror story, and Tim Underhill comes to fear that in investigating its unspeakable history, Mark stumbled across its last and greatest secret: a ghostly lost girl who may have coaxed the needy, suggestible boy into her mysterious domain. With lost boy lost girl, Peter Straub affirms once again that he is the master of literary horror.
