Craftsman/Atlas 12x36 metal lathe - \$425 (Southern York County) I am selling an mid 30's Craftsman/atlas metal lathe.The lathe has a 12" swing and 36" between centers The overall length of the lathe is 57" The motor works but ill need to be rewired as some of the old wire is bare. The carriage moves freely as does the cross slide and miter slides.

Craftsman Metal Lathe - For Sale - Shoppok

Based on a design first used for the 1935 Craftsman wood-turning lathe - which itself was a simplified version of the 1934 Atlas metal-turning lathe - from the very first model the swing was set at 12 inches (12.25" actual), some two inches more than the Atlas version that only achieved same size in the late 1950s when the long-lived 10F was heavily modified and re-introduced as the " 12-inch ".
