Alpine Architecture. Alpine Architecture. 1917. Architect: Bruno Taut. " This proposal may seem adventurous and even pretentious, but at the risk of being chided as immodest and utopian, it must be made at least once. It should merely clarify in a concrete form the tendencies that encourage one to build high and should not be looked at as an end in itself, but rather as a suggestion that brings us closer to the realization of what was identified previously and to the fulfillment of further ...

Case 3: Bruno Taut and Alpine Architektur With the end of World War I and the collapse of the German Empire in 1918 architects like Bruno Taut called for the new government to support programs that would not only provide work, but would usher in a new ideal mankind, free from the machinations of war and the constraints of material possessions.

Case 3: Bruno Taut and Alpine Architektur

The collaboration of Bruno Taut and the utopian poet Paul Scheerbart attempted to address the problems of German society by a doctrine of glass architecture. Such utopianism can be seen in the context of a revolutionary Germany where the tussle between nationalism and socialism had yet to resolve itself.

The Victorian-era German cult novel, set in the mid-twentieth century, serves up a utopian vision of a future of glass architecture, as the protagonist, Swiss architect Edgar Krug, circumnavigates the globe by airship with his wife, constructing a wild variety of colored-glass buildings in various locales.

A detailed history of Katsura, the seventeenth-century Imperial Palace in Kyoto, Japan, a pivotal work of Japanese architecture, often described as the 'quintessence of Japanese taste'. First revealed to the modern architectural world by Bruno Taut, the great German architect, in the early twentieth-century, Katsura stunned and then excited the architectural community of the West. Le Corbusier and Walter Gropius, pillars of the Modernist establishment, were fascinated by Katsura's 'modernity'. This book documents the palace in detail, combining newly commissioned photographs, detailed drawings, archival material, and historical analysis.
