Fragrant Qigong first began to be publicly taught by Grand Master Tian, Rui-sheng. He was born and has been living in Luo Yang, an ancient capital of nine dynasties and is the only inheritor of this type of qigong. It is a high-level Buddhist type of qigong started by a monk two thousands years ago. It is called " Fragrant qigong " because when

Chinese Fragrant Qigong - Qigong Association of America

In 1988 an unusual form of Qigong, called Aromatic or Fragrant Qigong (Xiang Gong), kept secret by the monks for centuries, began to be taught openly in China. It is so named because of the fragrances that appear from nowhere as the form is practiced. The bigger the group the stronger the scent. Even passers-by have smelt it.

Tian Ruisheng, also known as Shijiakai, was a famous Chinese healer and a high level master of Qigong during the late eighties and early nineties of the twentieth century. He was the successor and the only living master of a secret style known as Aromatic or Fragrant Qigong which became one of the most popular styles of Qigong of that era. Master Tian was also known for his unique Qigong mass-healing sessions held all across China for several years. Tian Ruisheng 田瑞生 Born June 15, 1927 ...

The Five Element system shows up in various ways within qigong practice. One simple, powerful practice is to direct our attention (using the "Inner Smile" technique) into the yin organs, in a sequence which follows the Five-Element supporting cycle: Kidney to Liver to Heart to Spleen to Lung, then back to Kidney again.
