Cultural Diversity and Geriatric Care: Challenges to the ...

Having knowledge of and respecting an individual's cultural background is crucial to being able to provide person-centred care. Late last year the Royal Commission into Aged Care Quality and Safety looked into diversity in aged care. Diversity, in this context, represents gender, sexual orientation, religion, and social and cultural background. The interim report released in October, titled [Neglect], found that Australian aged care services were not meeting the needs of culturally and ...
