**Cancer Support**

End of life care involves treatment, care and support for people who are nearing the end of their life. It's an important part of palliative care. It's for people who are thought to be in the last year of life, but this timeframe

File Type PDF

End Of Life

can be difficult to predict. Some people might only receive end of life care in their last weeks or days.

**What are palliative care and end of life care?**

People are approaching the end of life when

File Type PDF

End Of Life

they are likely to die within a year. This includes people whose death is imminent and people with conditions that mean they are expected to die within 12 months. Effective end of life care improves the quality of life of the dying person and
