Gender And Space In British
Book Description. Between 1660 and 1820, Great Britain experienced significant structural transformations in class, politics, economy, print, and writing that produced new and varied spaces and with them, new and reconfigured concepts of gender. In mapping the relationship between gender and space in British literature of the period, this collection defines, charts, and explores new cartographies, both geographic and figurative.

Download Gender And Colonial Space books, Gender and colonial space is a trenchant analysis of the complex relation between social relations - including notions of class, nationality and gender - and spatial relations, landscape, architecture and topography - in post-colonial contexts. Arguing against much of the psychoanalytic focus of much current post-colonial theory, Mills aims to set out ...
