Prior Knowledge Questions (Do these BEFORE using the Gizmo.) Have you ever experienced an . earthquake? _____ If so, what did it feel like?

Earthquake – Recording Station

Once the science behind this detection system is thoroughly tested, the creators of the app plan to make an earthquake warning system. After the shaking is detected by users' phones near the epicenter, a warning can be transmitted to other users so they can move to a safe place before the seismic waves arrive. Students can learn how seismic waves are transmitted and detected using the Earthquakes 1 – Recording Station Gizmo.
