Sociology is the study of human social relationships and institutions. Sociology's subject matter is diverse, ranging from crime to religion, from the family to the state, from the divisions of race and social class to the shared beliefs of a common culture, and from social stability to radical change in whole societies.

What is Sociology? | Department of Sociology

Sociology, a social science that studies human societies, their interactions, and the processes that preserve and change them. It does this by examining the dynamics of constituent parts of societies such as institutions, communities, populations, and gender, racial, or age groups. Sociology also studies social status or stratification, social movements, and social change, as well as societal ...

sociology | Definition, History, Examples, & Facts ...

Synopsis Much of the writing in this textbook is summarizing. The sociological data in this textbook has been collected from many sources. Summarizing all the characteristics of a society or even a social institution involves studying a large body of demographic, cultural, economic, geological, and historical information.
