In general, building a home in Ireland, or anywhere else for that matter, isn ' t recommended for the timid. However, there are many excellent builders in Ireland who will build an individually designed house on your plot of land or will sell you a plot and build a house chosen from a range of standard designs.

In terms of acreage, a four-bed home can be built on a tenth of an acre, but if you ' re building a larger home or want plenty of outside space, aim for a third or even half an acre. The cost of land usually depends on location, but you should expect to spend between a quarter to two-thirds of the market value of your finished home.
