by Jose Pedraza August 21, 2020. General. The HP 35s calculator is one of the most powerful tools you can use to pass the Fundamentals of Surveying (FS), the Registered Professional Land Surveyor (RPLS), and the Principles and Practice of Surveying (PS) exams. Just having an HP 35s with surveying programs is not going to guarantee you pass, but knowing how to effectively use a properly programmed HP35s will save you plenty of time during the exams.

Software for HP 35s - TheCalculatorStore

HP-35S Calculator. The HP-35S was released to commemorate the 50th anniversary of the original HP-35A calculator's release. It contains some departures from previous HP calculator practice, not least being the absence of the rectangular \leftrightarrow polar transformations. This made it less suitable for surveying use, but this could be overcome with suitable programming.
