Objective questions and answering for English studies are variable. The common factor involved in the test is the fact that the questions require logical thought processes and the remembrance of facts, figures and information read throughout the problem or previously studied. To pass the objective question test in English, students must first understand the types of tests that prevent objective questions and how to break down the question to pass.

An objective question usually has only one potential correct answer (although there may be some room for answers that are close), and they leave no room for opinion. Objective test questions differ from subjective test questions, which have more than one potential correct answer and sometimes have room for a justified opinion. Objective test questions may be constructed as a list of possible answers, requiring the students to recognize the correct one from the list.
