~~(PDF) Race, Gender, and Workplace Power~~
Gender divides power. Inequalities between men and women are one of the most persistent patterns in the distribution of power. For example, women's lack of influence marks political decision-making the world over. Gender relations are power relations. Often what it means to be a 'woman' is to be

powerless (quiet, obedient, accommodating).

~~Gender and power: six links and one big
opportunity~~

Survey data support hypotheses regarding differential access to workplace power among women and minorities relative to white men. Specific findings indicate that, relative to white men, all groups encounter increasing inequality at higher levels of power, but only black women seem to experience this form of inequality as a result of direct discrimination.

in the distribution of power is that of inequalities between women and men. The set of roles, behaviours and attitudes that societies define as appropriate for women and men ('gender') can be the cause, consequence and mechanism of power relations, from the intimate sphere of the household to the highest levels of political decision-making.

to be elected governor or US senator than men. So there are clear gender disparities in outcomes. But we also see gender gaps in aptitude tests.

~~Are Gender Differences Just Power Differences in Disguise?~~

I may notice that people of color are over represented in prison populations, and I may believe that this means that there is something about race that makes people more likely to commit crimes. What we fail to acknowledge when we blame people for their own lack of privilege and the circumstances

Download Free Power Race And Gender In Academe Strangers In The Tower

that result is the lack of power they have in many situations.

~~Race, Ethnicity and Power and Privilege~~
In "Gender Theory in Philosophy of Race," I consider the theoretical crosscurrents implied by real-life intersections of race and gender and conceptual difficulties raised by the apparent privileging of black male problems and the black male subject. Both feminism and critical race theory are critical theories. A critical theory is sufficiently abstract to analyze and normatively assess a large area of human life
