For generations, and in every culture around the world, parents have prepared their children for bed by telling them stories. Goodnight, I Wish You Goodnight is a soothing bedtime story to be told and retold. With the popularity of Japanese Anime cartoon styles, the artwork in this book will entertain young readers as they participate in the nighttime ritual of saying "goodnight" to all of their beloved treasures. Enjoy this easy-to-read bedtime story by author Karen Jean Matsko Hood. Each one of the pages is thoughtfully illustrated with warmth and love. Your children and grandchildren will ask you to read this book to them again and again. This book is a must for all families to have in their library. In the 1950s and 1960s, as the white residents, real estate agents, and municipal officials of many American cities fought to keep African Americans out of traditionally white neighborhoods, Philadelphia’s West Mount Airy became one of the first neighborhoods in the nation where residents came together around a community-wide mission toward intentional integration. As West Mount Airy experienced transition, homeowners fought economic and legal policies that encouraged white flight and threatened the quality of local schools, seeking to find an alternative to racial separation without knowing what they would create in its place. In Making Good Neighbors, Abigail Perkiss tells the remarkable story of West Mount Airy, drawing on archival research and her oral history interviews with residents to trace their efforts, which began in the years following World War II and continued through the turn of the twenty-first century. The organizing principles of neighborhood groups like the West Mount Airy Neighbors Association (WMAN) were fundamentally liberal and emphasized democracy, equality, and justice; the social, cultural, and economic values of these groups were also decidedly grounded in middle-class ideals and white-collar professionalism. As Perkiss shows, this liberal, middle-class framework would ultimately become contested by more militant black activists and from within WMAN itself, as community leaders worked to adapt and respond to the changing racial landscape of the 1960s and 1970s. The West Mount Airy case stands apart from other experiments in integration because of the intentional, organized, and long-term commitment on the part of WMAN to biracial integration and, in time, multiracial and multiethnic diversity. The efforts of residents in the 1950s and 1960s helped to define the neighborhood as it exists today.

Erstmals wird hier die Fülle der englischsprachigen Athiopienliteratur geordnet dargeboten. In 100 Sections führt der Autor alle für die wissenschaftliche Beschäftigung mit Äthiopien wichtigen Buch- und Zeitschriftenbeiträge zum Beispiel zur "History of Research", "Archaeology", "Religion", aber auch Fragen der "Sociology", "Agriculture", "Zoology" und "Medical Sciences" auf. Wie im Falle der deutschsprachigen Literatur ("Bibliographia Aethiopia: Die äthiopienkundliche Literatur des deutschsprachigen Raumes" = Äthiopiologische Forschungen 9 [1982]) berücksichtigt der Autor auch alle ihm zugänglichen Besprechungen, womit bei einer Aufnahme von mehr als 24.000 Titeln eine Art "Bibliographic Encyclopedia" entstanden ist.

Perhaps the best-kept secret in the publishing industry is that many publishers--both periodical publishers and book publishers--make available writer's guidelines to assist would-be contributors. Written by the staff at each publishing house, these guidelines help writers target their submissions to the exact needs of the individual publisher. The American Directory of Writer's Guidelines is a compilation of the actual writer's guidelines for more than 1,600 publishers. A one-of-a-kind source to browse for article, short story, poetry and book ideas.

This book is open access under a CC BY 4.0 license. This book presents insights into the lived realities of children with disabilities in primary schools in Addis Ababa, Ethiopia. It examines specific cultural and societal characteristics of Ethiopia that influence the education of children with disabilities. The book presents findings drawn from interviews with, and participant observation of the schoolchildren, family members, teachers and other "experts", and places these findings in a cultural-historical context. The multidimensional approach taken allows for, on the one hand, the provision of a historical grounding of the book, explaining the main historical junctures and their implications for education, and the discussion of the role of culture and society as barriers and facilitators of education. On the other hand, it gives the book a more personal angle, allowing the reader to gain insight into what it means to feel like a family, develop a sense of belonging, and trying to move toward educational equity.

The boy who became Saint Yared grew up in the ancient kingdom of Axum. According to legend, he struggled as a student, just as this story shows, but eventually triumphed and went on to invent Ethiopia's system of musical notation. His work drew on local traditions and the church concept of the Holy Trinity, while his hymns had four parts based on the four seasons of the year, winter, summer, spring, and autumn. Hundreds of years before European composers developed a seven-note system of writing music, Yared wrote music using dashes, curves, and dots to represent ten different notes. Ready Set Go Books, an Open Hearts Big Dreams Project, is focused on increasing the literacy rate in Ethiopia through giving readers books with stories in their heart languages, full of colorful illustrations with Ethiopian settings and details. Profits from books sales will be used to create, print, and distribute more Ready Set Go Books to kids in Ethiopia. Africa's second most populous country. Ethiopia's population is 44% children, ages 0-14 (43 million out of 97 million total). Only 5.5% of children attend pre-school or kindergarten, and the adult literacy rate is 49%. Our books are based on wise Ethiopian sayings that often rhyme in Amharic. If an adult says the first half, many children can chant the second half. Sometimes the meaning of these sayings is clear. Sometimes it has to be puzzled out and argued over. But sayings and idioms and proverbs help people express truths and beliefs in unusual ways. Open Hearts Big Dreams Fund (OHBD) is a 501(3)(c) not for profit organization that believes the chance to dream big dreams should not depend on where in the world you are born. Our focus is to support nonprofit organizations and their programs that provide literacy, K-12 education, and leadership as well as that support the parents and communities where the kids live, in Ethiopia
