This comparative study focuses on three groups often seen as antagonistic—Blacks, Jews, and Irish. Resolutely aware of past tensions, Bornstein argues that the pendulum has swung too far in that direction and that it is time to recover the history of lost connections and cooperation among the groups.

The Colors of Zion: Blacks, Jews, and Irish from 1845 to 1945. The past few decades have seen the rise of "whiteness" studies, which explore the cultural construction of white power. The studies demonstrate how anti-African-American hostility was constituted as a compact that white immigrants to the US had to sign up to if they were to be accorded the same rights as Anglo-Saxon Protestants.

George Bornstein, The Colors of Zion: Blacks, Jews, and Irish, from 1845 to 1945. Cambridge: Harvard University Press, 2011. xii + 254 pp. The search for a lost moment of cross-racial solidarity is the "grail quest" of American history, shaped more by contemporary myth and fantasy about a better past than by the literature's oversight of material remains.

Adilifu Nama writes in Black Space: Imagining Race in Science Fiction Film, "The racial politics of Zion appears to be based on a multicultural model of racial equality and participation. In the Zion setting, a racial utopia is presented where blacks, whites, and other people of color live and work together, and in many cases whites are subordinate but not subservient to blacks."
