It deals with psychic events in terms of the intensity of the forces that run through them and animate them. This concept was present in Freud's early thinking and appears in his first metapsychological formulations. It then assumed increasing importance during the evolution of his theoretical thinking and his conception of psychopathology.

Economic Point of View | Encyclopedia.com

The Economic Point of View is the inaugural volume in Liberty Fund's new Collected Works of Israel M. Kirzner series. This work established Kirzner as a careful and meticulous scholar of economics.

Economic Point of View, The by Israel M. Kirzner

The Economic Point of View: An Essay in the History of Economic Thought. The present essay is an attempt to explore with some thoroughness an extremely narrow area within the field of the history of economic thought. Although this area is narrow, it merits a scrutiny quite out of proportion to its extension, relating as it does to fundamental ideas around which the entire corpus of economic thought has revolved for some two centuries.

The Economic Point of View: An Essay in the History of ...

Israel Kirzner is an outstanding student of Mises's, and here is his sweeping defense of the Misesian definition of the scope and meaning of economic science. He compares the Misesian view of human action with the neoclassical and classical school, and contrasts their views on rationality, human choice, scarcity, and scientific method.
