Simple text and illustrations of a child with a teddy bear using the potty introduce toilet training. On board pages.

Help your students master the advanced word processing skills most important for career success! The 18th edition of ADVANCED WORD PROCESSING, LESSONS 56-110, merges the formatting emphasis of the previous Essentials series with the productivity tools from the Certified series for a text that meets the needs of students seeking expertise with Microsoft Word 2010. Each lesson is clearly focused, well structured, and designed to provide step-by-step training and reinforcement to help students quickly develop advanced skills. Based on customer feedback, this semester-based text includes 55 lessons in a one-book solution that includes both documents and software instructions within a space-saving easel-back format. Lessons 56-110 cover business correspondence, tables, reports, document design, mail merge, advanced graphics, meeting documents and collaboration, legal and medical documents, and employment documents. A separate, first-semester text is available with Lessons 1-55, and a single-volume complete course text includes both semesters, plus a set of supplemental lessons related to Microsoft Office Specialist certification. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
